MUUTO

NEW PERSPECTIVES ON SCANDINAVIAN DESIGN

Muuto is rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression.

By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design.

In fact our name, Muuto, comes from *muutos*, meaning new perspective in Finnish. We handpick leading contemporary designers who are strong interpreters of our philosophy and combine their talents with the passionate Muuto creative team.

You will know our design because it has muutos: objects made sublime through new perspectives, enjoyed across the world, representing the best of Scandinavian design today.

DESIGNS FOR MODERN HOMES

We want to create designs that make spaces feel intuitively right, be it through the inviting comfort of a sofa, the ambient glow of a pendant lamp or the subtle texture of a coat hook, bringing modern sentiments and forward-thinking functionalities into everyday life.

Working from the belief that design can affect our wellbeing, we strive to offer an extensive selection of designs for the evolving needs of the modern home, rooted in the values of Scandinavian design. Alongside this, we continuously develop the Muuto universe of colors and textures for our products to create and complement atmospheres in any aesthetic direction. This allows you to explore the endless possibilities of our collection to find the exact match for your home.

+ 100.000
options across
the muuto collection

Explore our configurator
on muuto.com

AN EXTENSIVE READY-TO-SHIP COLLECTION

With our extensive **Ready-To-Ship** collection, many of our designs are available for immediate shipping in a broad selection of colors and upholsteries, spanning across furniture, lighting and accessories.

CUSTOMIZE YOUR DESIGN

Customize your favorite design in our **Product Configurator** on [Muuto.com](https://muuto.com) by selecting from a large variety of textile and leather upholsteries in thousands of colors across our **Made-To-Order** Options.

Textile or leather? Full or front upholstery? Green or Grey? Legs in Black or Chrome? Making a choice among the nearly infinite customization possibilities can seem overwhelming. Explore our take through the **Made-To-Order Inspiration** Options that bring new perspectives to the individual product.

Get inspired on the following pages and learn more on the product information pages from p. 59 onwards and on [Muuto.com](https://muuto.com).

PRICES & WHERE TO BUY

All recommended retail prices in your currency are available on muuto.com

Fallen in love with a design? Find your nearest Muuto dealers in our **Store Locator** here muuto.com/store-locator or visit muuto.com/online-shops for an overview of our online dealers.

Textile Upholstery/Base

MADE-TO-ORDER INSPIRATION

Textile Upholstery/Base

MATERIAL

Frame in powder coated steel. Modules in a wood construction with foam and wadding. Upholstered in textile from Kvadrat or Rohleder. The inner of the In Situ Cushion features a foam core with a pillowcase around that is filled with fiberballs. Outer in textile upholstery.

CONFIGURATIONS

Choose from any of the 30 predefined configurations or create your own, using the 9 different seating modules and 2 loose cushions. Please note that the In Situ Cushions are not part of any configuration or seating module and must be added separately to your order. We recommend to consult your Muuto dealer or refer to price list for further information and How-To-Order Guide

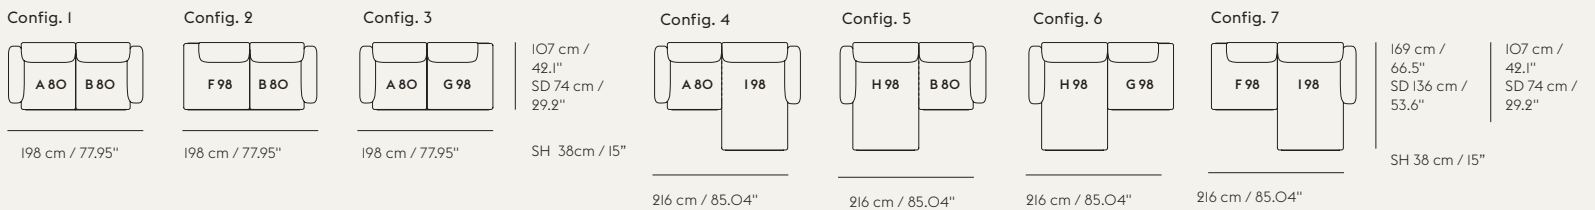

MADE-TO-ORDER OPTIONS

All In Situ modules and cushions can be upholstered in all colors from Kvadrat's Fiord, Vidar, Hallingdal, Divina, Divina MD & Divina Melange textile series, selected colors from Kvadrat's Clay (OO1, OO3, OO6, OO7, OO9, O10, O12, O13, O14, O15, O17) and selected colors from Rohleder's Ocean (3, 21, 32, 50, 52, 80, 601) textile series.

Essentials Pack

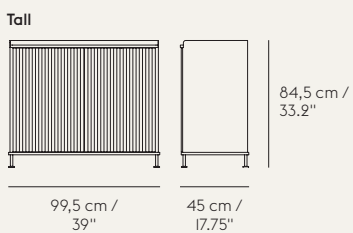

WEIGHT & HEIGHT RECOMMENDATIONS

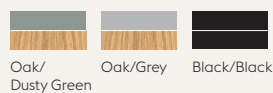

The Compile Shelving System should always be mounted to a wall using wall brackets (included in the essentials pack). A Compile Shelving System can hold up to 300 kg / 661 lb. The Compile Shelving Systems can be built as tall as wanted, as long as it is mounted to the wall using wall brackets. Muuto recommends not building configurations higher than 2,25 m / 88,5"

ENFOLD SIDEBORD

USD 89 / CAD 115

A SUSTAINABLE PERSPECTIVE

We strive to create designs that are long-lasting in their expression and quality, allowing for them to be used for many years into the future. As part of this emphasis, continuous testing is at the heart of our design and development process to ensure high levels of quality. All Muuto furniture is produced in Europe and North America to underline this focus.

Being a design-centric company, aesthetic longevity serves as a guiding principle in our design process, meaning that we seek to create designs that have an individual character while being visually relevant for a long time, shying away from the influences of fast-moving trends.

ENVIRONMENTALLY-FRIENDLY DESIGNS

Labels & Certificates

We want to take responsibility for the planet that we inhabit and the impact of our operations hereon by creating designs with lessened impact on the environment.

We seek to verify our products to high environmental standards and use these as guiding elements in our product development. Muuto participates in Declare with an extensive selection of furniture being Living Building Challenge Compliant. Declare examines the origin and ingredient report of each product. Furthermore, a number of Muuto furniture designs are Global GreenTag Level C-certified.

Muuto is an FSC®-certified company. FSC stands for Forest Stewardship Council® and confirms that a forest is managed in an environmentally responsible manner to preserve the biodiversity in the given area.

95% of all textiles used in our upholstered products hold the EU Ecolabel, a label of environmental excellence awarded to products that meet high environmental standards throughout their lifecycle.

A large number of our furniture and accessories designs have the EAC Declaration of Conformity to Technical Regulations of the Eurasian Economic Union.

Materials

We seek to work with innovative materials that have an environmental upside to them, as seen in our Under The Bell Pendant Lamp and Restore Storage Series, both made using recycled plastic fibers, alongside our Fiber Chair Series, made in a unique, recyclable composite with up to 25% wood fibers, and the Arrange Desktop Series, made in 100% recycled plastic.

All Muuto furniture packaging is made from at least 65% recycled material while our retail shopping bags are made from at least 90% recycled material.

HIGH-QUALITY PRODUCTS

For high levels of strength and stability, we test our products to the most demanding of tests within the furniture industry, making for extensive strength and stability that will allow for our products to be used for many years into the future.

Adding to that, we have comprehensive requirements for our suppliers, covering both legislative requirements as well as contract market demands within chemicals, quality and safety.

HEALTHIER INDOOR CLIMATES

We want to ensure that our products contribute towards healthier indoor climates.

VOC & Water-Based Lacquer

At Muuto, we create furniture designs that are placed in spaces where they are used for many years into the future. When a furniture product is placed in a room, it will emit a certain degree of its matter, known as volatile organic compounds, or VOCs, over time. How much it emits depends on its unique composition of materials. The majority of Muuto furniture products are VOC-tested to ensure that they contribute to healthier indoor environments.

Our water-based lacquer is an environmentally-friendly substitute to traditional oil-based lacquers. It emits fewer chemicals than oil-based lacquers, making for better working conditions and reducing waste in the production phase.

Textiles

95% of all textiles in our upholstered products hold the Greenguard Gold-certificate, verifying that their chemical and particle emissions fall within acceptable indoor air quality thresholds.

RESPONSIBLE MANUFACTURING & SAFETY

We want to secure that our products are socially responsible, both in the way that they are produced alongside contributing to safe environments.

Manufacturing & Safety

All Muuto manufacturers have signed our Muuto Code Of Conduct, prompting them to adhere to the United Nations principles of human rights, anticorruption and non-use of child labor.

Beyond complying with standard regulations in main markets, we also fire-test our upholstered products for regions and countries with specific requirements.
